

LEAD UNITED

SHAPE THE FUTURE JOIN LEAD UNITED!

United Way Fox Cities has launched LEAD United to inspire and empower changemakers like you.

Through advocacy, fundraising, investing, and volunteering, LEAD United offers flexible opportunities to address local challenges and make a meaningful impact in our community.

ABOUT LEAD UNITED

LEAD United, a new initiative of United Way Fox Cities, is dedicated to fostering a dynamic community of rising leaders passionate about creating a brighter future. Through four core pillars—advocacy, fundraising, investing, and volunteering—LEAD United provides members with opportunities to build meaningful connections, make a tangible impact, and gain hands-on experience in addressing critical community issues. With mental well-being as its 2025 focus area, LEAD United will empower participants to use their voices, networks, and skills to bring meaningful change to the Fox Cities.

WHY JOIN?

Joining LEAD United means being part of a movement that merges social impact with personal growth, especially for young professionals. Members can engage in advocacy campaigns, organize and attend fundraising events, participate in volunteer initiatives, and/or take a leadership role on a committee.

You'll also benefit from networking opportunities and educational events, collaborating with like-minded peers. Open to anyone passionate about making a difference, being a donor is a key part of this experience, allowing you to choose a contribution level that suits you.
