

CORPORATE PARTNERSHIP LEVELS

Becoming a Corporate Partner feels good and makes good business sense, too. It reinforces your reputation of social responsibility while engaging your customers, employees, and community.

Your partnership directly impacts local lives! When others see your support, it helps United Way Fox Cities raise more funds for programs and services that make our community stronger. We would like to thank and publicly recognize you for your generous support.

These levels will reflect your organization’s total gift, which includes employee giving and corporate giving. A corporate gift can inspire your team and reinforce a generous culture. For more information on these opportunities, please email connect@unitedwayfoxcities.org.
