

UNITED IS THE WAY

We are creating a stronger, more caring community

Every gift to United Way Fox Cities creates a ripple effect of hope. Your support could mean a parent doesn't have to choose between food and diapers, a neighbor gets a ride to a job that transforms their future, or a struggling teen finds the support they need to thrive. These moments aren't just services, they are turning points that change lives.

At United Way Fox Cities, we believe in the power of coming together to create real, lasting change. For more than 75 years, we've mobilized people, partners, and resources to build a stronger, more caring community where everyone has the opportunity to thrive.

We take a broad, interconnected approach to the challenges facing our region. From improving access to mental health care, child care, and education to meeting basic needs and strengthening financial stability, United Way supports a network of local nonprofits and community-led solutions that work together, not in isolation. One gift to United Way helps create impact across multiple areas of need, because real life doesn't come with just one challenge at a time.

Needs are growing, but so is our potential to meet them.
Give now to join us in creating a stronger, more caring Fox Cities,
because United Is The Way™ to make a difference.

TOP 3 THINGS TO KNOW ABOUT UNITED WAY FOX CITIES

1. One Gift, Many Needs

When you give to United Way, your dollar stretches farther—supporting dozens of trusted local nonprofits and addressing multiple, interconnected challenges like mental health, childcare, housing, and more.

2. Guided by Community

Our investments are guided by a dedicated group of volunteers and our Community Impact team, working together to review data, gather community input, and collaborate with partners to ensure funding goes where it's needed most.

3. United for Greater Impact

We all share the responsibility to build a thriving community. United Way brings people, nonprofits, and businesses together to meet current needs and create lasting change so everyone can thrive.
